

SPRINT PLANNING MEETING 2

SPRINT GOAL

The main purpose of this sprint is to be able to search for products or services and have a profile. A navigation bar should also be available for each section.

SPRINT BACKLOG

USER STORIES:

1. As a user, I want to be able to have a navigation bar available so that I can be able to switch amongst web categories easily.

TASKS:

- Design navigation bar.
- Create tabs on navigation bar.

ACCEPTANCE CRITERIA:

- The side bar should also include options to switch to another page.
- After clicking the option it should open the desired page.

2. As a user, I want to be able to search for products or services so that I can be able to find them easily.

TASKS:

- Add search bar tab.
- Develop search engine.

ACCEPTANCE CRITERIA:

- If what user searched is not available, it should show that it is not found.
- The user should be able to find products and/or services matching the characters they searched.

3. As a user, I would like to see categories of products in the Products navigation tab so that I can be able to pick from the category I would like to get a product from.

TASKS:

- Design Products page
- Add categories on the Products page
- Add products.

ACCEPTANCE CRITERIA:

- Display categories of products on products page.
- After clicking on a category, the page should show the products in that category.

4. As a user, I would like to see categories of services in the Services navigation tab so that I can be able to pick from the category I would like to get a service from.

TASKS:

- Design Services Page
- Add categories on the Services page

ACCEPTANCE CRITERIA:

- Display categories of services on services page.
- After clicking on a category, the page should show the services in that category.

5. As a user, I want to be able to view my profile so that I can be able to see my details.

TASKS:

- Design profile page
- Add balances on Profile page

ACCEPTANCE CRITERIA:

- The profile page should have the email you used to login with.
- Name and Surname used to register with should be on profile page
- Each user should have their balance shown on the profile page.

EPICS TO BE DELIVERED

- Be able to search for products or services.
- Be able to have a navigation bar.
- Be able to see the products and services categories on their pages.

- Have a profile with user details.

SCOPE OF WORK CLARIFICATION

DEFINITION OF DONE

- ☒ Navigation bar completed.
- ☒ Code has been written by pairs.
- ☒ Most tests have passed.
- ☒ Messy and poorly designed code has been cleaned up through refactoring.
- ☒ Categories available
- ☒ Products and services available

KEY RISKS AND CONCERNS

- Main concern is the getting a low code coverage.

TASK ALLOCATION

- Rumbidzai Moyo – Documentation, Taiga and Navigation Tabs
- Netthias Banda – Finish sign up with google and diagramming.
- Donovan Makate – Search engine
- Katlego Modise – Product and Services.
- Magape Mafiri – Profile
- Phumlani Ntini – Products and Services.
